

# 2025 Student Experience Opportunity

## About Us

BeesMont Law is a boutique commercial law firm in Bermuda that advises on a broad range of corporate matters including investment funds, corporate finance, mergers & acquisitions, banking and secured lending, corporate restructuring, general commercial strategy and digital assets business. Our attorneys also advise on property, commercial disputes, information law & data protection as well as digital assets and regulatory compliance. We are teamwork-oriented, collaborative, and encourage ideas—at all levels—to be shared. As an organisation committed to investing in our people, we provide learning & educational offerings and opportunities to make an impact.

---

## To Apply

Please send an email to [info@beesmont.bm](mailto:info@beesmont.bm) confirming your interest in this opportunity and your dates of availability. Please attach your completed application form (available from the [Careers](#) page of the BeesMont Group of Companies website) to your email for consideration.

## Closing date

9 May 2025

## Placement Dates

2 June - 31 July 2025

## Eligibility

This placement is open to candidates over 18 who are interested in pursuing a career in law. No prior experience working at a law firm or in a corporate environment is required. Offers of placements will be conditional on adherence to our application process and the successful clearance of background checks.

---

## Who We Are Looking For

We are looking for a bright, hard-working and inquisitive student to come and experience law firm life with us. You will be expected to punctually attend our corporate offices on Front Street each day to learn, work and engage with the BeesMont Law team.

Students best suited for our summer placements tend to be about to embark on their first year of legal studies, however we also welcome applications from students that have recently graduated from high school and are deliberating on which career path is best for them.

## What We Offer

You will have real opportunities to gain first-hand experience of office operations, build knowledge of software used in the legal industry and gain a deeper understanding and appreciation for legal professional privilege, compliance and team work.

You will assist our administrative support team with a variety of activities such as filings with local regulators, review of policies and procedures and engagement in record retention projects. You will also have opportunities to engage with attorneys and may be asked to perform research and reviews of Bermuda statute.

Depending on your dates of availability, you may also be afforded opportunities to attend external industry events and engage in marketing projects. There is also the potential for placement dates to be extended to August.

## Required Accountabilities

- Punctual attendance throughout the student placement
- Willingness to fully engage and support the completion of administrative tasks and legal research
- Conducting oneself in an ethical manner at all times
- Adherence to organisational policies and procedures, inclusive of our policy statement against bullying and sexual harassment and privacy programme infrastructure.
